Things to Know About Family Camp

- ****Your children will be under YOUR supervision during the family camp weekend. Camp staff will be leading activities throughout the day, but you are responsible for all medical needs and care for your children.**
- Families are assigned either a lodge unit or cabin to stay in for the weekend. Families are assigned their own individual housing unit unless they have requested to be placed with another family. Lodges are available on a first-come, first-serve basis with overflow placed in cabins (unless cabins were requested on registration).
 - Lodges have seven bunk beds (14 beds total) and a private bathroom/shower in each.
 - Cabins have between four and eight bunk beds (8-16 beds total). Bathrooms/showers are a short walk from the cabins and are assigned by family.
- Our Trading Post will be open at times during the weekend if you want to purchase a souvenir! However, no other money is needed for the weekend activities.
- There will not be golf carts available during the weekend like summer camp. However, you are welcome to bring bicycles to ride around camp. We ask that only "foot-powered" bicycles are brought; no motorized vehicles are allowed around camp.
