Camp Catch-A-Rainbow: Free Pediatric Oncology Camp YMCA STORER CAMPS

Medical and General Volunteers Needed!

YMCA Storer Camps offers Camp Catch-A-Rainbow (CCAR) for children who have had a cancer diagnosis at any point in their lives. These free programs allow children to have a “normal” camping experience complete with swimming, horseback riding, boating, sports, new friendships, and much more!

Camp Catch-A-Rainbow is currently seeking volunteers to help provide children with an unforgettable summer. Both medical and general volunteers are needed for this upcoming summer.

Medical volunteers assure all camper health needs are met through the week by traveling around with an assigned group. Example responsibilities include administering medication and basic first aid.

General volunteers may serve a variety of roles including cabin counselor, one-on-one camper assignments and logistical assistance.

2020 Schedule

Full Week: Sunday, August 2nd - Friday, August 7th

Young Campers Day: Sunday, August 2nd

Mandatory Volunteer Training: Saturday, August 1st

To Apply:

The application deadline for both programs is **June 12th, 2020**. Late applications may be accepted if space is available. Apply online at www.ymcastorer camps/rainbow or by contacting Derek Bycraft at 517-536-8607 or dbycraft@ymcastorer camps.org.
