Summer Camp: VILLAGE _____ ARRIVAL DATE _____

YMCA STORER CAMPS: ANAPHYLAXIS FORM

Please attach this completed form to your child's health form.

We want your child to receive appropriate care and support for their allergies while attending our programs.
Please contact our Health Center and Kitchen at 517-536-8607 with any questions or concerns.

ANAPHYLAXIS EXPECTATIONS

YMCA Storer Camps programs take place in the outdoors. Your child will be exposed to trees, insects and other environmental factors. Participants are notified of food allergens at the beginning of every meal. The closest hospital, Allegiance Hospital in Jackson, MI is approximately 20 minutes away.

It is our expectation that your child is capable of self-managing their allergies: knowing which allergens to avoid, recognizing when they are experiencing an anaphylactic reaction and knowing to tell an adult immediately for help. We expect your child to know how and when to use their emergency epinephrine injector and that they will carry at least one device on their person, while at camp.

ALLERGENS

Please list what allergens cause an anaphylactic reaction for your child:

ANAPHYLAXIS SIGNS AND SYMPTOMS

Please check which signs and symptoms apply to your child's anaphylaxis response:

It is assumed that the severity of these signs and symptoms can change quickly and potentially progress to a life-threatening situation.

- | | |
|--|---|
| <input type="checkbox"/> Itching of the lips, tongue, mouth and/or face | <input type="checkbox"/> Hives, an itchy rash |
| <input type="checkbox"/> Swelling of the lips, tongue, mouth and/or face | <input type="checkbox"/> Nausea, abdominal cramping, vomiting and/or diarrhea |
| <input type="checkbox"/> Itching and/or tightness in the throat | <input type="checkbox"/> Shortness of breath |
| <input type="checkbox"/> Hoarseness | <input type="checkbox"/> Thread-y pulse and/or increased heart rate |
| <input type="checkbox"/> Hacking cough, repetitive cough and/or wheezing | <input type="checkbox"/> Fainting and/or loss of consciousness |

ANAPHYLAXIS HISTORY

Does your child also have asthma? Yes* No *If yes, please fill out an Asthma Form

Has your child ever self-administered their emergency epinephrine injector? Yes No* My child does not have an epinephrine injector.

*Our staff is trained to assist in the administration of an emergency epinephrine injector, if needed.

When did your child last experience an anaphylactic reaction? Please describe what happened and what treatment they received:

ALLERGY MEDICATION

Please list all routine and emergency allergy medication your child will bring to camp in the MEDICATION INFORMATION section of your child's health form. Send all medication in its original prescription container and label with your child's full name.

COMMUNICATION AND TREATMENT PROTOCOL

If exposure is suspected, but no signs or symptoms of anaphylaxis are present:

- Remove individual from allergen if possible.
- Monitor individual and take no further action unless signs/symptoms appear.

If exposure is suspected and signs or symptoms of anaphylaxis are present:

- Remove individual from allergen if possible.
- Assuming a patent airway, give 50mg (20mL) liquid diphenhydramine by mouth.
- Administer 0.3cc epinephrine; repeat dose as needed.
- Contact EMS and inform them it is an anaphylaxis situation

To follow a different protocol, have your physician write the protocol and sign below. Attach additional information as needed.

Physician Signature: _____ Date: _____
